Schedule

As you have perhaps heard, a European Academy of Voice has been founded by the PEVOC Advisory Board. It consists of 11 members representing different fields of expertise within the voice field. They asked us to plan and organize the Academy's activities.

The Academy will arrange a one-day Voice Care and Science Tutorial on Wednesday, August 31, 2011 just before PEVOC Marseille. As you can see below it will consist of eight parallel interactive workshops with some 10 or 15 participants in each. Each workshop is taught by two experts, renowned for their superb pedagogical talent. Participants will receive in advance a short syllabus describing the contents of the workshops.

Participants will be divided into 4 groups, each of which follows a column in the schedule. After completing the entire tutorial, participants will receive a signed certificate. The fee for participation will be 160 Euro. For details see www.european-academy-of-voice.org.

Welcome to the first European Academy of Voice one-day tutorial!
