

Want to learn more
about Voice Care &
Science?

As you have perhaps heard, a European Academy of Voice has been founded by the PEVOC Advisory Board. It consists of 11 members representing different fields of expertise within the voice field. They asked us to plan and organize the Academy's activities.

The Academy will arrange a one-day Voice Care and Science Tutorial on Wednesday, August 24, 2022 just before PEVOC in Tallinn. As you can see below it will consist of eight interactive workshops. Each workshop is taught by experts, renowned for their superb pedagogical talent. Participants will receive in advance a short syllabus describing the contents of the workshops.

After completing the entire tutorial, participants will receive a signed certificate. The fee for participation will be 90 Euros. For details see www.european-academy-of-voice.org.

Welcome to the sixth European Academy of Voice one-day tutorial!

Johan – Markus – Frank

Workshops

- A. Clinical anatomy and physiology: how the voice works and why sometimes it doesn't
Ahmed Geneid
- B. Endoscopy, stroboscopy, VKG and high speed imaging
Markus Hess & Frank Müller
- C. Aerodynamics and voice analysis
Nathalie Henrich Bernardoni & David Howard
- D. Voice acoustics, microphones, recording and computers
Christian Herbst
- E. Principles of voice therapy
Jenny Iwarsson
- F. Dissection and phonosurgery
Markus Hess
- G. Breathing and pulmonary function
Johan Sundberg
- H. How the acoustic analysis helps to understand voice, I am producing
Allan Vurma

Schedule

8:30–9:00	Gathering
9:00–9:50	Workshop A
9:55–10:45	Workshop B
10:45–11:15	Coffee
11:15–12:05	Workshop C
12:10–13:00	Workshop D
13:00–14:00	Lunch
14:00–14:50	Workshop E
14:55–15:45	Workshop F
15:45–16:15	Coffee
16:15–17:05	Workshop G
17:10–18:00	Workshop H
18:00	Adjourn
